3. What are Cookies?

Our Site uses a technology called "cookies". A cookie is an element of data (usually a very small file) that a website can send to Your browser, which may then store it on Your computer or mobile device. These cookies allow Us to correctly operate the Site and/or to provide You with web pages or content that are tailored to You. For example, some cookies remember Your custom preferences. This information can, in some cases, be carried from one visit of our Site (or related site) to the next (for example, to help You avoid having to re-enter certain information when You visit the same page later). Some of these cookies require Your consent (as explained below.) Some cookies are created for each session when You visit Our Site, while others are persistent and may remain for a number of months or years to facilitate Your access to Our Site.

4. Why do we use Cookies?

We absolutely respect Your right to privacy. We use cookies to ensure the functionality of our Site and to make Your website experience better. You can remove any cookies already stored on Your computer or mobile device (as explained below) but this may

prevent You from using parts of this Site or may cause You to see this message, or part thereof, again. Apart from the cookies We make use of Ourselves, various third-party cookies may also be stored on Your computer or mobile device, including Google Analytics and Hotjar. We strongly suggest that You read the cookie policy of any such third-party cookies.

5. Which Cookies are used?

We use Cookies with the following features as per their duration, their purpose or their own source: **Duration**

- **Session Cookies** – These Cookies are temporary and expire once You close your browser (or once Your session ends). Session cookies enable us to track the use of our website and to analyze and evaluate the effectiveness of Our marketing campaigns and activities. The information collected through these cookies is not stored and cannot be used to identify You as an individual. Mediarex doesn't share the information gathered through Session cookies with third-parties.
- **Persistent Cookies** — This category encompasses all Cookies that remain on Your hard drive until You erase them or Your browser does, depending on the Cookie's expiration date.

Provenance

- **First-party Cookies** — These Cookies are put on your device directly by the website You are visiting.
- **Third-party Cookies** — These are the Cookies that are placed on Your device, not by the website You are visiting, but by a third party like an advertiser or an analytic system.

Purpose

- **Essential, Functional or Strictly necessary Cookies** — These Cookies are essential for You to browse the website and use its features, such as accessing secure areas of the site or providing You our Services. Socios will store data required to provide socios.com functionality and CloudFlare will use cookies to operate proxy service; likewise any Cookies required to run our Services.
- **Preferences Cookies** — Also known as “functionality Cookies,” these Cookies allow a website to remember choices You have made in the past, i.e. like what language you prefer or Cookie-Type tracking preferences.

- **Statistics Cookies** — Also known as “performance Cookies,” these Cookies collect information about how You use a website, like which pages You visited and which links You clicked on. None of this information can be used to identify You. It is all aggregated and, therefore, anonymized. Their sole purpose is to improve website functions. This includes Cookies from third-party analytics services such as, for instance, Google Analytics, Segment or HotJar.
- **Marketing Cookies** — These Cookies track Your online activity to help advertisers deliver more relevant advertising or to limit how many times You see an ad. These Cookies can share that information with other organizations or advertisers. Examples of such Cookies used are related to Adjust, Vimeo, HotJar, Twitter or TikTok.

6. Control of Cookies?

Even if We obtain Your consent to use non-essential cookies (these not being required for the proper functioning of the Site and/or App but enhance Your experience of using Our Site and/or App) or if We use essential cookies (these being necessary to ensure the Site and Apps functions in Your everyday use of it and where we don't need Your consent), You can still control Your settings in Your browser to delete or disable cookies. If Your browser is not configured, by default, to block all or certain cookies, You may manually configure Your browser to either reject all cookies or control which cookies are set on Your computer or mobile device through the Site or App. Should You wish to reject all or certain cookies used by Our Site, You may modify Your web browser preferences to do so. If You reject ALL cookies (including essential cookies) then You might be unable to use some of the features or services available on Our Site and/or App and You might also experience a lack of full functionality of the Site and/or App. Usually, the information on how to change Your options regarding Cookies You shall find it at the "Footer" of the Site or in "Settings" Sections of the App. Moreover, further information can also be obtained by referring to Your operating system's manual

or the 'Help' section of Your web browser, or by contacting Your Internet Service Provider. Finally, You may also find useful information on how to make the necessary configuration settings by visiting the following helpful site: <https://www.allaboutcookies.org/manage-cookies/>.
